Sometime before 1983 when a guy named Henry Emily and William Afton opened arestaurant called Fredbear's family diner. A pizza restaurant with two animatronics called Fredbear and Springbonnie. William Afton hides in the springbonnie suit the whole time and Henry hid in the Fredbear suit. The business was making a lot of money so they opened another franchise called Freddy Fazbear's pizza where he creates 4 new animatronics called Freddy the bear. Bonnie the bunny. Chica the chicken, and Foxy the pirate fox. The night guard who is in the night shift gets phone calls every shift from the phone guy. The phone guy was a man who was also at the shift and one day the phone guy was about to get jumped by Chica and Freddy but golden Freddy took his soul before they jumped him. William Afton was a psychopath so Henry had to create an animatronic called the puppet that would protect his daughter. Charlie from danger. One day at Freddy Fazbear's pizza Charlie gets locked out of the Pizzeria by bullies as the puppet can't save her cause it's in a box with music. As William spots Charlie in the parkway he kills her and drags her to the alley. The puppet gets out of the box and goes outside to see her dead. Charlie's spirit possesses the puppet and Henry lost his only kid. William has a wife and 3 kids the wife being Ms. Afton. the younger brother being Evan. the older brother being Mike. and the daughter being Elizabeth. Evan is terrified of Animatronics and Mike sees this as a good prank opportunity. On Evan's birthday party at fredbear's family diner Mike and his friends get him scared and get

him close to the animatronics. His friend states that he wants to give Fredbear a big kiss. and the springlocks on the Fredbear suit fail on his mouth causing Fredbear to bite down in Evan's head causing him to die making this the bite of '83. William's kid's death made him even more chaotic gathering 5 kids and luring them to a private room dressed up as springbonnie. he kills all 5 kids and stuffs the kid's bodies inside animatronic suits. The puppet witnessed everything and wants to help the dead souls of

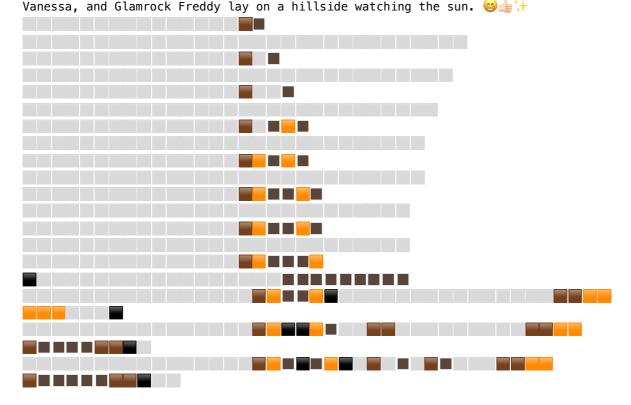

the children. William only had 4 suits and didn't know where to put the fifth one but had the idea to put the kid in the secret golden Freddy suit. William got fired from his own company and the restaurant shut down. In 1981. William made another franchise and threw out the old animatronics with bonnie losing his face. Freddy looking deformed. foxy. looking deformed.and Chica having 5 rows of teeth. The new animatronics are the toy animatronics being toy Freddy.toy bonnie. toy Chica. and Mangle (toy foxy). At night the withered animatronics were still possessed and awoken as the toys did the same. All the kids would get really close to Mangle which could've been dangerous. One day at night Jeremy Fitzgerald was on the lookout and got close to Mangle and Mangle bit down in his forehead taking out the frontal lobe of his brain. The franchise shut down for good. Evan Afton was in a deep pitch black empty place with a Fredbear plushie. He had nightmares about the

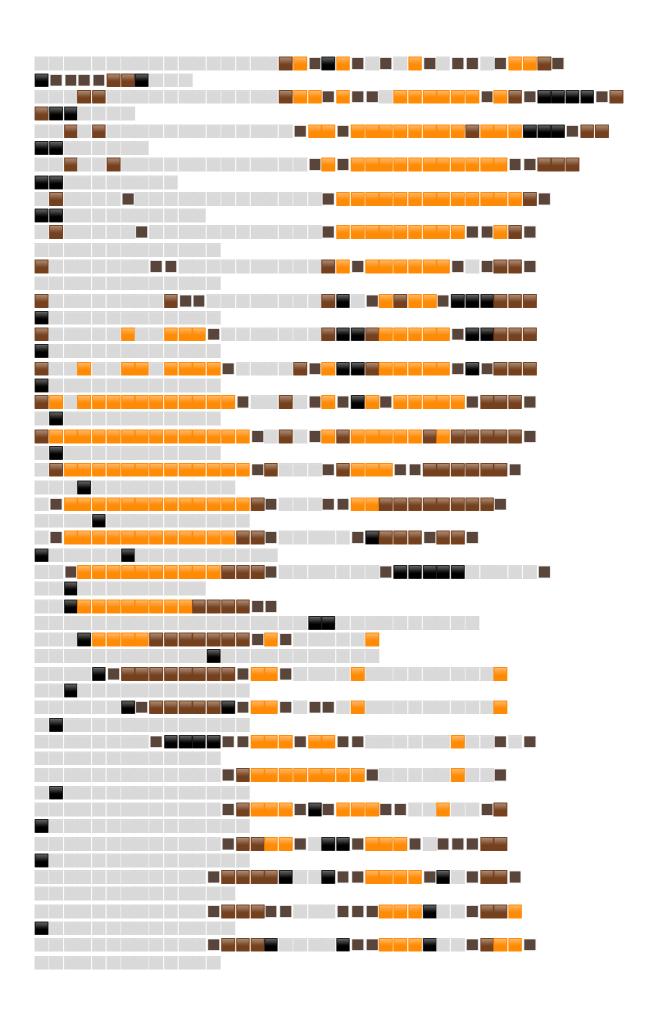

nightmare animatronics in his room he had to check every place so he won't get tortured in his unescapable nightmares. He had to check for the little freddles in his bed so nightmare Freddy wouldn't torture him. the hallways had nightmare Chica and nightmare Bonnie. the closet had nightmare cupcake.nightmare mangle.and nightmare foxy. Nightmarionne was the nightmare puppet (Charlie Emily) who wasn't there to protect Evan from nightmares. Evan was stuck until he saw Nightmare Fredbear the one who bit into his head and he met nightmare a translucent hallucination who tortured him the worst. Evan was stuck in unescapable nightmares until he survived 8 nightmares then he would be free. William decided to make another franchise called Afton robotics. specifically designed to murder children. But as he stuffed the kids in the suits he discovereda way to become immortal called remnant. Remnant is when a child's soul bonds to something. it's how children possessed the animatronics. William uses this information to make an animatronic called circus baby who lured kids with games and ice cream and crushed their bodies in the stomach. The daughter. Elizabeth Afton is at the private party of the animatronics and got too close to circus baby getting her body crushed to death. Circus baby's pizza was shut down due to the incident andagas leak. William kept the animatronics known as Funtime Freddy. Funtime Foxy. Circus baby, and Ballora. William sent his only son Mike to get Elizabeth's soul out of Circus baby. He was the

night guard during a night shift watching the animatronics and did well the first first 4 nights but around the fourth night all 4 animatronics scoop out parts of their bodies in a place called the scooping room. Their parts together make a new animatronic called Ennard. On the last night of the shift Mike finds himself in the scooping room with circus baby and gets his organs scooped out and dies as Ennard is watching. The remnant keeps his soul alive as Ennard enters the room to escape the complex. Ennard puts on Mike's skin as he's a walking corpse saying hello to

his neighborhood. a few days pass and Mike's corpse rots and becomes purple like his father and Ennard escapes his body into the sewers. Mike's body is reanimated and back to life and on his way to find his father. As he's doing that William goes back to the abandoned shut down pizzeria and dismantles the old animatronics letting the souls free as the souls try to confront William. William find the springbonnie suit he used to kill children with, he tries to scare the souls away so he enters the suit laughing thinking he's safe. Soon the springlocks were too loose and crushed his body with blood squirting everywhere. His corpse stayed there for a while until some people made this a horror attraction. They thought the bloody suit was a good addition to the attraction. Mike found the horror attraction as he wanted revenge for the kids and sister William killed he burned down the attraction damaging the springlock suit. Now William Afton is Springtrap. Circus baby was part of Ennard and pieced herself back together becoming scrap baby and Ennard put on a damaged Freddy mask and became molten Freddy. Henry decided to open a new franchise which is an improved version of Freddy's pizzeria with the roaming animatronics (scrap baby and molten Freddy) and Mike Afton. Henry creates an animatronic with the puppet inside called Lefty. Mike and Henry collect every single animatronic into one facility burning down the whole place freeing their souls. He felt that Mike wanted to die here and Henry commits arson on all of the animatronics and killing Mike and William Afton as he was scrap pieces known as scraptrap. Soon all animatronics were left in a torture place where the vengeful spirit (Cassidy) (the spirit inside golden Freddy) had tortured William for his crimes and punished him for what he has done and left him to suffer forever. Before William died he uploaded himself with binary code onto a digital version of the franchise. He abused this power with killing other kids known as glitchtrap. William meets a host called Vanessa and had her create a suit with fur called Vanny as William took control of Vanny. A new franchise is made featuring glamrock animatronics known as Glamrock Freddy. Glamrock Chica. Montgomery Gator.and Roxanne Wolf. Monty jumped Glamrock bonnie and killed him. Glamrock Freddy malfunctions on stage as he was being controlled by William and appears back in his room meeting a kid named Gregory who crawled in his stomach hatch. Freddy and Gregory work together to destroy the other animatronics for trying to kill Gregory.snapping Monty in half.

crashing Roxy. and crushing Chica in a garbage compactor. They steal parts of animatronics to make Freddy stronger. They explore underneath the complex to find a replica restaurant meeting the blob. The blob has the souls of many other animatronics. They explored and saw William Afton back in the suit called burntrap. Freddy and Gregory burn down the complex as William Afton was about to catch them. the blob (the souls of animatronics he took over) grabbed him by his neck and took him to the complex left to burn down. The pizzeria was shut down and Gregory.
